Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise,) in the case of books; and in short whatever is necessary for the safe transmission of literary or artistic matter or usually appertains thereto.

Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

5th.—No Book-Packet can be received if it exceeds two feet in length, width, or depth.

6th.—Any Packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written or printed in it or upon its cover will be charged with Letter Postage.

7th.—If a Packet be found to contain any letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the Packet, charged with full Postage as an unpaid letter together with an additional Book-rate; that is, with the Postage chargeable on a Book weighing not more than half a lb, the remainder of the Packet, if duly pre-paid with Stamps, will then be forwarded to its address.

8th.—If a Packet be not sufficiently pre-paid with Stamps but nevertheless bear Stamps equal to a single Book-rate, it will be forwarded charged with the deficient Book-Postage together with an additional Book-rate; but any Packet which shall not bear Postage Stamps equal to a single Book-rate will be detained and charged with the Letter Postage.

THE Government of India, at the recommendation of the Director-General of the Post Office in India, having determined that the Post Office Department in Pegu, Martaban, Amherst, and Tenasserim shall no longer be under control of the Post-Master General of Bengal, the Public are hereby informed that the undersigned, under control of the Director-General, is authorized to exercise the powers of Post-Master General in the above-named Provinces. It is therefore requested that, from this date, all complaints and references of the nature hitherto addressed to the Post Master-General of Bengal, may be addressed to the Chief Inspector of Post Offices in Pegu, &c.

H. N. P. GRANT,
Chief Inspector of Post Offices in Pegu, &c.

Notices issued by the Post-Master of Calcutta.

ALL communications respecting change of address should be made to the Post-Master of Calcutta and not to the Post-Master General. Letters re-directed, whether delivered in Calcutta, or forwarded to some other Station, are taxed with "Forward Postage."

No. 2661.

The 19th September 1860.—As very many Letters on ordinary Post Office matters are addressed by the Public to the Post-Master General instead of the Post-Master, Calcutta, and as inconvenience is the result, it is solicited the practice may be discontinued, and the Post-Master be addressed on all matters of his Office, except when any party may wish to prefer complaint to higher authority.

ALL complaints requiring redress, such as overcharge of Postage, mis-sending or delay in the delivery of Letters, &c., must be made to the Post-Master-General, accompanied by the Envelopes of the letters referred to; the number of the Delivery Peon should always be stated.

No. 1027.

The 9th July 1859.—Parcels or Book Packets cannot be sent by Private Ships through the Post Office.

Notice.

THE Inland Postage on letters, &c., posted for despatch by the After-Packet must be prepaid. Such letters, &c., as do not bear the Inland Postage, or are insufficiently stamped with the After-Packet Postage, will be detained and forwarded by the next Steamer.

SPECIAL Notice is directed to the subjoined Clauses of Rules, the want of attention to which has occasioned the Post Office much inconvenience.

2nd.—A separate instruction will be required for every change of address, and no instruction will be attended to for more than three months after its receipt.

3rd.—Under Section XXIII. of Act XVII. of 1851, Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in any Post Office. For example, if a letter posted in Calcutta and addressed to Hooghly is, under instructions which may have been received from the addressee, re-directed in the Calcutta Post Office and sent to Barrackpore, Forward Postage will be charged in addition to the Postage which would have been due, had the letter been despatched to Hooghly according to its original address.

4th.—The practice of giving instructions to the Officers of the Post Office to intercept and re-direct letters, not only imposes much labor upon them, but in large Offices seriously retards the delivery and despatch of the Mails. A register of instructions regarding changes of address will be kept in every Post Office, but it must be understood, that it is impossible to guarantee that they shall be attended to except in the case of letters received for delivery.

LETTERS and Newspapers despatched to and from the United Kingdom by private Vessels are liable to the following rates of Postage, which must be pre-paid by Stamps:—

	Rs.	As.	Pie.
Letters not exceeding $\frac{1}{2}$ oz. in weight	...	...	0 4 0
Ditto exceeding $\frac{1}{2}$ oz. but not exceeding 1 oz.	...	...	0 8 0
And so on adding 8 annas for each oz. or fraction thereof which includes Inland Postage.			

Newspapers not exceeding 1 oz. in weight, 1*d.* or 8 pie must be pre-paid by Stamp, and no Inland Postage is required upon such papers.

Parcels conveyed by the above opportunity for the United Kingdom are liable to Letter rates of Postage.

Notice.

LETTERS arriving at the Presidency Towns by Mail Steamers will be immediately sorted for delivery according to the address alone, without any reference to instructions which may have been received regarding change of address; such changes will be left to be discovered by the Delivery Officers, and be corrected in the forward and unclaimed Departments of the Office.

Forward Postage will be charged in addition to all other Postage due or paid thereon upon every letter without exception, which may be re-directed in the Post Office.

Letters, &c., received by the Steamer will be delivered at the Window of the Post Office only to parties who have registered their names. Applications to the Post Office on the day of the Steamer's arrival to intercept and re-direct letters, &c., cannot be attended to, as they are found not only to impose much labour but seriously retard the delivery and despatch of the Mails.

UNDER the orders of Government, no fourth delivery of letters by the Post Office is allowed. Mails which are received by Steamers from Suez at so late an hour in the day as not to admit of the letters being taken out for delivery by 6 p. m. are detained till the following morning, but parties who have registered their names under the usual fee are entitled to receive their letters and Marseilles Newspapers so soon as the Mails are sorted, and which is generally about 2½ hours after receipt of the Mail, at the Post Office.

Forward Newspapers.—Extra or Forward Postage is chargeable on every Newspaper re-directed at the Post Office of original address and forwarded to another Post Office.

No. 9391.

BANGHY Parcels are in future not to be specially registered, as the full address and weight of all such are registered in the Post Office, and receipts are granted to Senders if required. The Post Office Officials have therefore been directed, not to accept fees for the special registration of Banghy Parcels. Articles sent on Book Post rates are not registered unless a registration fee is paid. When therefore Books or Prints or other Articles of value are sent by Book Post, the Senders can register them by payment of the usual fee of 4 annas.

Proviso. herein contained shall extend to or affect any case now pending in any Court or Office.

VIII. This Act shall commence and have effect from and after the first day of July 1861.

IX. 14. Articles of great size or weight, the placing of which will require considerable labour, must be sent before Saturday, the 1st of March 1862; and manufacturers wishing to exhibit machinery, or other objects, that will require foundations or special constructions, must make a declaration to that effect on their demands for space.

16. Where it is desired to exhibit processes of manufacture, a sufficient number of articles, however dissimilar, will be admitted for the purpose of illustrating the process; but they must not exceed the number actually required. (17-25.)*

brackets, awnings, hangings, or similar contrivances which they may consider best calculated for the display of their goods.

36. Exhibitors, or their representatives, should provide whatever light temporary covering may be requisite (such as sheets of oiled calico), to protect their goods from dust; and, in the case of machinery, and polished goods, should make the requisite arrangements for keeping the articles free from rust during the time of the Exhibition. (37—42)*

43. Exhibitors must be at the charge of insuring their own goods, should they desire this security. Every precaution will be taken to prevent fire, theft, or other losses, and Her Majesty's Commissioners will give all the aid in their power for the legal prosecution of any persons guilty of robbery or wilful injury in the Exhibition, but they will not be responsible for losses or damage of any kind which may be occasioned by fire or theft, or in any other manner.

44. Exhibitors may employ Assistants (male or female) to keep in order the articles they exhibit, or to explain them to visitors, after obtaining written permission from Her Majesty's Commissioners; but such Assistants will be forbidden to invite visitors to purchase the goods of their employers. 1. Name and Christian name of applicant (or name of firm)	...
2. Nature of business carried on	...
3. Address	{ No. of street or square, &c. ... and ... Name of town ...
4. Nature of articles to be exhibited	...
5. Number of Classes in which they are to be exhibited	...
	Floor Space.
6. Probable space that will be required for articles or case in which they will be shown	{ Length ... feet. Breadth ... feet. Height ... feet. Hanging or Wall Space. Height ... feet. Width ... feet.

100. Foreign and Colonial Exhibitors should apply to the Commission, or other Central Authority appointed by the Foreign or Colonial Govern-

ment, as soon as notice has been given of its appointment.

101. Her Majesty's Commissioners will consider that to be the Central Authority in each case which is stated to be so by the Government of its Country, and will only communicate with Exhibitors through such Central Body.

102. No articles of foreign manufacture, to whomsoever they may belong, or wheresoever they may be, can be admitted for exhibition, *except with the sanction of the Central Authority of the Country of which they are the produce.* Her Majesty's Commissioners will communicate to such Central Authority the amount of space which can be allowed to the productions of the Country for which it acts, and will also state the further conditions and limitations which may from time to time be decided on with respect to the admission of articles. All articles forwarded by such Central Authority will be admitted, provided they do not require a greater aggregate amount of space than that assigned to the Country from which they come; and, provided also that they do not violate the general conditions and limitations. It will rest with the Central Authority in each Country to decide upon the merits of the several articles presented for exhibition, and to take care that those which are sent are such as fairly represent the industry of their fellow Countrymen.

103. Separate space will be allotted to each Foreign Country, within which the Commissioners for that Country will be at liberty to arrange the productions entrusted to them in such manner as they think best, subject to the condition that all Machinery shall be exhibited in the portion of the building specially devoted to that purpose, and all Pictures in the Fine Art Galleries, and to the observance of any general rules that may be laid down by Her Majesty's Commissioners for public convenience.

104. By arrangements made with Her Majesty's Government, all Foreign or Colonial Goods intended for exhibition, sent and addressed in accordance with Regulations hereafter to be issued, will be admitted into the Country, and allowed to be transmitted to the Exhibition Building without being previously opened, and without payment of any duty. But all Goods which shall not be re-exported at the termination of the Exhibition will be charged with the proper duties, under the ordinary Customs' Regulations. (105—108.)*

109. It is not the intention of Her Majesty's Commissioners to take any steps in reference to the protection of Inventions or Designs, by Patent or Registration, the law on these points having been materially simplified since 1851.

DECISIONS SPECIALLY APPLICABLE TO

SECTION IV.—MODERN FINE ARTS.

Class 37. Architecture.

„ 38. Paintings in Oil and Water Colours and Drawings.

„ 39. Sculpture, Models, Die-sinking and Intaglios.

„ 40. Engravings and Etchings.

110. The object of the Exhibition being to illustrate the progress and present condition of *Modern Art*, each Country will decide the period of Art which in its own case will best attain that end.

111. The Exhibition of British Art in this Section will include the works of Artists alive on or subsequent to the 1st of May 1762.

* Several numbers are left blank, with the view of incorporating future decisions.

112. It is not proposed to award Prizes in this Section.

113. Prizes will not be allowed to be affixed to any Work of Art exhibited in this Section.

114. One half of the space to be allotted to Section IV will be given to Foreign Countries, and one half will be reserved for the works of British and Colonial Artists.

115. The sub-division of the space allotted to Foreign Countries will be made after consideration of the demands received from the Commission, or other Central Authority, of each Foreign Country. It is therefore important that these demands should be transmitted to Her Majesty's Commissioners at the earliest possible date.

116. The arrangement of the Works of Art within the space allotted to each Foreign Country will be entirely under the control of the accredited representatives of that Country, subject only to the necessary general regulations.

117. For the purposes of the Catalogue, it will be necessary that the Central Authority of each Foreign Country should furnish Her Majesty's Commissioners, on or before the 1st of January 1862, with a description of the several Works of Art which will be sent for exhibition, specifying in each case, the name of the artist, the title of the work, and (when possible) the date of its production.

118. The space at the disposal of Her Majesty's Commissioners for the display of British Art being limited, and it being at the same time desirable to bring together as careful and perfect an illustration as possible, a selection of the works to be exhibited will be indispensable.

119. The selection of Exhibitors, the space and number of works to be allowed to each, and the arrangement of them, will be entrusted to Committees to be nominated by Her Majesty's Commissioners.

120. In the case of living Artists, Her Majesty's Commissioners would desire to consult the wishes of the Artists themselves as to the particular works by which they would prefer to be represented. The selection of works so made by the Artists will not necessarily be binding upon Her Majesty's Commissioners, but in no case will any work by a living Artist be exhibited against his wish, if expressed in writing, and delivered to the Commissioners on or before the 31st of March 1862.

121. Her Majesty's Commissioners will avail themselves of the following eight Art Institutions of this Country in communicating with Artists who are Members of those Institutions, viz:—

The Royal Academy,
The Royal Scottish Academy,
The Royal Hibernian Academy,
The Society of Painters in Water Colours,
The Society of British Artists,
The New Society of Painters in Water Colours,
The Institute of British Artists,
The Institute of British Architects.
2182. E. & S. | 6100.—4-61.

122. Intending Exhibitors in the British Division of Section IV., who are not Members of any of the preceding Institutions, may at once receive Forms of demand for space, by applying to the Secretary to Her Majesty's Commissioners. These

Forms must be filled up and returned before the 1st of June 1861.

D. H. LUSHINGTON,

From W. GARY, Esq., Secretary to the Government of India, Home Department, to W. S. SETON-KARR, Esq., Secretary to the Government of Bengal, (No. 951, dated the 13th May 1861)

SIR,—I AM directed to forward, for submission to the Lieutenant-Governor, copy of a Despatch, and its enclosures, received from the Secretary of State on the subject of the Exhibition of the Works of Industry and Art of all Nations which it is proposed to hold in London in the year 1862.

2. With reference to the instructions of the Secretary of State, the Governor General in Council does not propose that, on the present occasion, a large expenditure in purchasing articles for the Exhibition should be incurred by Government, as was the case in regard to the Exhibition of 1851; but His Excellency in Council would wish that any encouragement and assistance which can be afforded at a moderate cost should be given to private persons who may be desirous to send articles to the Exhibition, and, with this object, it seems desirable to His Excellency in Council that the Government should signify its readiness to receive contributions for the Exhibition, take charge of them and forward them to England, the cost of conveyance being defrayed by Government.

3. In order to make this plan effective, it will be necessary, as in 1850, to establish a Central Committee at the seat of each Government, and to appoint as many subordinate Committees in different parts of each Presidency or Province as may appear in the judgment of the Local Government to be called for.

4. The subordinate Committees will be required as the immediate channels of communication with the public, and the Central Committees will be necessary in order to control the selection of articles by rejecting such as they may not deem to be of sufficient interest, to make it desirable that they should be sent to the Exhibition, and also all duplicates of articles of the same nature.

5. The subordinate Committees should be appointed as soon as possible, and a Notification should be published by each Local Government, in the English and Vernacular *Gazettes*, announcing their appointment, and fixing a period, perhaps one month from the date of the Notification, within which the Committees will receive applications from persons desirous of transmitting contributions to the Exhibition. Each subordinate Committee, immediately on the expiration of the period named in the Notification, should forward a list of the articles comprised in the applications they have received to the Central Committee at the seat of Government, and the Central Committee, after examining the lists and removing from them any articles which they do not consider it desirable to send to the Exhibition, will return the lists, as modified, to the respective subordinate Committees, with an intimation of the date by which the articles must reach the Central Committee. It will then only remain for the subordinate Committees to communicate with the persons from whom applications have been received, and to apprise them of the latest date up to which the subordinate Committees will be prepared to receive the contributions which have been approved by the Central Committee. This date will of course be fixed by each Committee with reference to the latest date named by the Central Committee for the reception of contributions. The articles, when received by the Central Committee, will be at once packed and transmitted to England. If possible, the despatch of articles should be made from the port of shipment not later than the 1st of December 1861, except in the case of articles of small bulk, which can be sent by the Overland route without incurring any inordinate expense.

6. Great care should be taken by the subordinate Committees in the first place, and afterwards by the Central Committees, that every article is so numbered or otherwise marked as to be readily identified on a reference to the lists as the contribution of the person by whom it has been sent, and the lists finally prepared by the subordinate Committees should specify against each article in what manner it is intended by the contributor that it should be dealt with. Contributors should be directed to state whether they wish their contributions to be returned to India, or to be sold in England for their benefit. In the latter case the price of the article must be named, and it should be further stated whether, in the event of that price not being procurable, it is desired that the

article be sold for what it will fetch, or that it be returned to India. In the case of articles which are returned to India, every care will be taken to secure them from injury in transit, but it must be understood that the Government cannot guarantee their return undamaged. When articles are sent without any instructions, it will be assumed that they are intended to be presented to the Exhibition. These points should be clearly explained to all those who offer to contribute articles to the Exhibition.

7. The selection of Gentlemen for the Committees, the Central as well as the subordinate Committees, will of course rest with the Local Governments, and the Governor General in Council has no doubt that, independently of the Officers of Government, any Gentleman whose services it may be thought desirable to obtain will be ready to afford them upon this occasion.

Any person occupying a house, the property of Government, is in respect of the Income Tax, on precisely the same footing as if he occupied a private house. Supposing such person to pay Rack Rent for the house he will be liable to Income Tax on his salary or the annual profits arising to him from any other source, whatever they may amount to, but to nothing additional in respect of the house. If, however, he pay no rent for the house, or if he pay less than Rack Rent, the amount below Rack Rent is profit or income assessable over and above the salary or other profits of such person under Schedule 1, Section XCVII (Rules 7 and 8), Act XXXII of 1860. The principle is clear that the rent of a person's private dwelling house is not to be treated as a working expense and deducted from his net income, but as part of the necessary expenditure of that income.

No. 118

House,

Property of Government, any person occupying, when liable to be assessed to Income Tax in respect of the rent thereof.

Act XXXII of 1860.
Section XCVII
Rules 7 and 8

THE only case for deduction that can arise is when an Officer pays rent, whether to Government or to some one else, for a larger house than he would otherwise occupy, because he uses part of the house for a Government Office. In such a case, if the arrangement for the Office has been recognized, the Officer who occupies the house is entitled to a *pro rata* deduction for so much of the rent as is fairly due for the Office. He cannot claim a deduction in respect of the entire rent, because part of the house is occupied as an Office.—(Financial Department Order No. 2295, dated 1st March 1861.)

UNDER the provisions of Section CXXXIII, Act XXXII of 1860, a Government Promissory Note belonging to Dada-bhoj Nusserwanjee Mody's Surat Fire Temple Fund, was exempted from Income Tax on the application of the Trustees by the Government of Bombay, with the approval of the Governor General of India in Council.—(Financial Department Order No. 6623, dated 4th June 1861.)

IN approving of the exemption from Income Tax of the Funds assigned for charitable purposes as enumerated in the foregoing list, the Governor General of India in Council expressed a doubt whether the Funds termed "Educational" had been rightly exempted under Section CXXXVI, Act XXXII of 1860, which merely provides that profits coming to the Government from Trust Funds shall not be liable to Income Tax. That Section, therefore, does not apply where the Government derive no benefit from the profits, but is merely the hand to distribute them; at the same time it was observed that there were cases which clearly come within a fair construction of the term "Charitable," and that if it was an object of policy to encourage education, and especially bequests and donations for educational purposes, the term "Charitable" might fairly be extended to every thing educational which was not of a purely personal or family nature, but of public benefit. Under these circumstances, although a strict construction of the Law would warrant the levy of Income Tax on all Educational Funds, not in the nature of Ragged or Infant Schools, obviously for the benefit of the poorer classes, the Governor General of India in Council was of opinion that the decision of Government on the point should rest on the broad question of policy as to whether it was desirable to lean to the side of liberality in order to encourage such objects as the "Elphinstone Professorship Fund," the Rajah of Dhar Prize Fund, &c. His Excellency in Council considered that the question should be answered in the affirmative, and he accordingly approved of the exemption of the Educational Funds in question, and resolved that the same principle should be applied generally.—(Financial Department Order No. 3022, dated 18th March 1861.)
